

# RiveDrill™

**The patented drill attachments that easily convert cordless, electric, and pneumatic drills into blind rivet and rivet nut guns.**

This innovative new series of tools gives operators the impact of a power riveter with the convenience of using standard drill equipment. Speed and friendly ergonomics also make RiveDrill an excellent choice. Twice as many rivets or rivet nuts can be set per minute when compared with manual tools with a fraction of the stress to the operator's hand.

## Effortless Operation

The RiveDrill series of tools can be quickly inserted into a 3/8" reversible power drill as any standard drill bit would and is able to set a full range of blind rivets and rivet nuts. The shank of the rivet is expelled when the drill is operated in the "reverse" mode. For rivet nuts, the threaded screw mandrel is removed from the fastener by the same method.

Model	RT120HP	RT110	NT850
<b>Description</b>	RiveDrill for heavy duty blind rivets	RiveDrill for blind rivets	NutDrill for rivet nuts
<b>Drill Types</b>	Cordless, Electric, Pneumatic	Cordless, Electric, Pneumatic	Cordless, Electric, Pneumatic
<b>Nosepieces included</b>	1/8", 5/32", 3/16", 1/4"	1/8", 5/32", 3/16"	8-32, 10-24, 10-32, 1/4-20 (other sizes available)
<b>Capabilities*</b>	1/8", 5/32", 3/16", 1/4" aluminum standard rivets 1/8", 5/32", 3/16", 1/4" aluminum/steel multigrip rivets 3/16", 1/4" aluminum/steel split rivets 1/8", 5/32", 3/16" steel and stainless steel standard rivets	1/8", 5/32", 3/16" aluminum standard rivets 1/8", 5/32", 3/16" aluminum/steel multigrip rivets 1/8", 5/32" steel standard rivets 1/8" stainless steel standard rivets	6-32 thru 5/16 aluminum, steel thin wall rivet nuts 6-32 thru 1/4 aluminum flanged head rivet nuts 6-32 thru 10 steel flanged head rivet nuts
<b>Weight</b>	1.32 lbs. (600 grams)	.617 lbs. (280 grams)	.838 lbs.(380 grams)
<b>Length</b>	7.09 in.(180mm)	5.55 in. (141 mm)	5.90 in. (150 mm)
<b>Diameter</b>	2.36 in. (60mm)	2.36 in. (60mm)	2.36 in. (60mm)
<b>Hex Drive</b>	.315" (8mm)	.315" (8mm)	.315" (8mm)
<b>Minimum Battery Recommended for Cordless Tool**</b>	14V	12 V	12 V

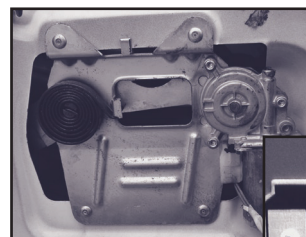

\*Capabilities are a guide only and may vary depending on applications.

\*\*Performance depends on drill motor and battery life.

## Applications

RiveDrill applications include light to medium-duty service in a variety of industries:

- Automotive repair
- Small aircraft and boat repair
- General facility maintenance and repair

Window Regulator

School Maintenance

Rivet Nut Repair
