High Performance Alum. Water Pump ©Speedway Motors, Inc. 2014

INSTALLATION OF HIGH PERFORMANCE ALUMINUM WATER PUMP

- 1. Install new water pump. **DO NOT STRIKE SHAFT!** Hand tighten pump bolts, then torque the bolts to OEM specifications in a criss-cross pattern.
- 2. Check fan pulley to ensure it sits square on pump hub. Make certain that center hole in pulley matches the pump pulley pilot snout diameter of the new water pump. Check pulley alignment with other pulleys, use shims if necessary to achieve proper alignment.
- 3. Carefully inspect fan, paying particular attention to the center hole. Make certain that it is not worn or elongated. If center hole is loose on fan hub or blades are slightly bent the fan will be out of balance and could cause catastrophic failure. Replace if necessary.

NOTE: DETERMINING THE CORRECT LENGTH FOR THE FAN BOLTS IS CRITICAL. BOLTS SUPPLIED WITH THE AVERAGE FAN SPACER KIT MAY NOT BE OF THE PROPER LENGTH. THE COMBINED THICKNESS OF VARIOUS PULLEYS/SPACERS/FANS CAN VARY GREATLY. IF THE BOLTS ARE TOO SHORT THEY CAN BACK OUT AND THE FAN CAN DISENGAGE FROM THE WATER PUMP HUB. IF THE BOLTS ARE TOO LONG THEY WILL BOTTOM OUT ON THE WATER PUMP HOUSING AND DISLODGE THE FAN HUB, CAUSING CATASTROPHIC FAILURE.

4. Assemble the fan, spacer, pulley (and any shims) that you intend to use. Do not install on water pump. Install bolts through the "stack" of components. Invert the stack and lay on workbench with the fan down and the pump side of the pulley facing up. Measure the length of the exposed threads. The dimension must not be less than 3/8" nor more than ½"

WARNING: FAILURE TO PROPERLY ADHERE TO THE FOLLOWING STEPS WILL RESULT IN PUMP DAMAGE WHICH MAY INCLUDE AN UNCONTAINED RELEASE OF THE FAN, PULLEY, AND HUB ASSEMBLY RESULTING IN ADDITIONAL DAMAGE TO RADIATOR AND PLUMBING, OR PERSONAL INJURY

- 5. Install the fan/spacer/pulley stack on water pump hub. Select the proper length of bolts. Count the number of turns to install the bolts. There should be no less than 6 turns and not more than 10 turns to tighten fan retainer bolts.
- 6. Prior to installing fan belt(s), rotate the fan by hand to check for freedom of rotation or excessive wobble. Maximum wobble to be no more than 1/8" at the outer edge of fan.

CAUTION: IT IS RECOMMENDED FOR HIGH RPM APPLICATIONS THAT YOU USE A BILLET FAN SPACER SUCH AS OUR P/N 910-15730. USE THE SHORTEST LENGTH POSSIBLE FOR YOUR APPLICATION. NEVER USE MORE THAN ONE FAN SPACER. IF USING A LARGE DIAMETER 6 BLADED FAN, INSTALL A LIGHTWEIGHT ALUMINUM FAN TO IMPROVE PERFORMANCE AND PUMP DURABILITY. IF USING FOR STREET APPLICATIONS, THE PLUG IN THE BYPASS HOLE MUST BE REMOVED TO PREVENT SLOW-SPEED CAVITATION AND OVERHEATING.

IMPORTANT

DISCLAIMER

In an effort to offer our customers the low prices, quick service and great value, Speedway Motors reserves the right to change suppliers, specifications, colors, prices, materials. Each of the previous items is subject to change without notice. Speedway is not responsible for any typographical errors or misinterpretations. Quantities are limited on some items.

WARRANTY DISCLAIMER

The purchaser understands and recognizes that racing parts, specialized street rod equipment, and all parts and services sold by Speedway Motors, Inc. are exposed to many and varied conditions due to the manner in which they are installed and used. Speedway Motors, Inc. makes no warranties, either express or implied, including any warranty of merchantability or fitness for a particular purpose other than those contained in its current catalog with respect to the goods identified on the face of the invoice. There is no warranty expressed or implied as to whether the goods sold hereby will protect purchaser or ultimate user of such goods from injury or death. Speedway Motors assumes no liability after this period.

BRAKE INSTALLATION ALERT

The selection and installation of brake components should only be done by personnel experienced in the proper installation and operation of braking systems. The installer must use his/her own discretion to determine the suitability of all brake components and brake kits for every particular application. Speedway Motors, Inc. makes no warranties either expressed or implied including any warranty of merchantability or fitness for a particular purpose, other than those contained in its current catalog or website with respect to the goods identified on the face of the invoice, There is no warranty expressed or implied as to whether the goods sold hereby will protect the purchaser or ultimate user of such goods from injury of death.

DAMAGE CLAIMS

Always inspect your package upon delivery. Inspect all packages in the presence of the delivery driver. The driver must note any damage. Ask the driver the Carrier's procedures for handling damage claims. You must hold the original box, packing material and damaged merchandise for inspection or the carrier will not honor the claim. Notify Speedway Motors customer service department for instructions on returning damaged goods. Speedway is not responsible if no notification is given within 5 days of receipt.

SHORTAGES

Always check the contents of your delivery to insure all the parts that you ordered were received. Please read the invoice. Double check all packing materials, small items may be wrapped inside with these products. Shortages may occur from damage to the box, so save all packing materials. Inspect the box for holes that would allow parts to fall out. If you are missing any item(s) be sure to check your invoice for back orders or canceled items before calling the customer service department. If Speedway has to split a shipment into multiple boxes, packages may be delivered on different days. You need to contact the customer service department within 5 days of delivery to assure the prompt replacement. Speedway Motors assumes no liability after this period.

REFUSALS

All refused COD customers will be billed a 15% restocking charge plus freight to and from the destination! If you have questions please contact Speedway's customer service department.

WARRANTY CLAIMS

If an item has a manufacturer's warranty as being free from defects we will exchange only. If the item has been used and you are requesting warranty work, this may take up to 30 days as warranty work is done by the manufacturer NOT Speedway Motors. If you have any questions please contact customer service.

RETURNS

Speedway wants you to be satisfied with your purchase. If within 30 days after you receive your shipment you are not satisfied, you may return the item for refund or exchange. All exchanged or returned merchandise must be in original factory condition with no modifications or alterations. Returned merchandise must include all packaging materials, warranty cards, manuals, and accessories. If the items being returned need to be repackaged there will be a re-packing charge. Re-pack the item in a sturdy box and include a copy of your invoice and complete the form on the back of the invoice. You must ship orders back **PRE-PAID. WE DO NOT ACCEPT COD SHIPMENTS.** All exchanges need to have reshipping charges included. Items that are returned after 30 days are subject to 15% restocking charges. All fiberglass returned will have 15% restocking charge. No returns on electrical parts, video tapes, and books. Absolutely no returns on special order or close out merchandise.

FREE CATALOGS

Speedway Motors offers FREE catalogs for Race, Street, Sprint and Midget, Sport Compact and Pedal Car Restoration.

Some items are not legal for sale or use in California on pollution controlled motor vehicles. These items are legal in California for racing vehicles only which may never be used upon a highway.
