DIMMER SWITCH

With the button of the switch "UP" and the terminals pointed toward you, the wiring of the switch would be:

A - The top terminal would have a wire coming from the headlight switch.

B - The left lower terminal would go to the high beam side of the headlights.

C - The right lower terminal would go to the low beam side of the headlights.

IMPORTANT

Shortages May Result From...

Damage, scratches, breakage, pilferage, or loss in transit. If this happens, *you should immediately file a claim with the carrier.* When your merchandise leaves our door, we entrust it to the carrier. The carrier assumes all liability.

Removal of merchandise prior to delivery. Please check the contents of the carton in the presence of the delivery agent! Be sure to check each item against those listed on the packing slip.

Mistakenly discarding merchandise with packing material, or overlooking it. Check content carefully.

Note: All orders shipped are nonreturnable without written permission from Speedway. When requesting a merchandise return, please include the following.

- Reason for merchandise return request
- Invoice number (and purchase order number, if any)
- Date of return request
- Date of purchase

Upon receiving this information and assuming it is correct, permission will then be granted for return. All returned merchandise (except defective, or incorrect shipment) are subject to a 15% handling charge or direct exchange for other parts.

Remember...No allowance will be made for any shortage or damage unless we receive correct notification (see above for details), within fifteen (15) days for delivery.
