

The Axle Lift

**Made in
the USA**

Features & Specs

- Holds up to 300 lbs.
- Use any standard drill or impact to raise or lower quickly
- Holds most sizes of axles
- 3 heavy duty casters
- Adjustable height: 5" to 19"

Position the Axle Lift under any differential and using a regular drill or impact, run the lift up to the differential and drop the differential onto the lift.

The Axle Lift has the ability to adjust for offset pumpkins and variable height adjustment.

When you're done with the lift, just lower it and it makes for easy storage so it's out of your way.
