

41, 41V, 47 Series Installation

Auto racing remains a very dangerous sport regardless of any protective devices you may use. Please read the instructions very carefully and if you have any questions please contact Kirkey Racing Fabrications Inc. 1-800-363-4885.

FAILURE TO COMPLY WITH THESE INSTRUCTIONS MAY CAUSE SERIOUS INJURY OR DEATH.

MOUNTING INSTRUCTIONS

This seat is to be mounted using the following instructions. For the bottom of the seat, we recommend that you use no less than four (4) 5/16" (8mm) bolts directly through the bottom of the seat to frame, or roll cage (spread the bolts out as far as possible to distribute the load). For the back of the seat, we recommend no less than two (2) 5/16" (8mm) bolts through the back of seat (below the shoulder belt openings) to the roll cage. NEVER mount to sheet metal.

If you are not qualified to perform such fabrication have the installation done by an expert familiar with the requirements of such installation.

We also make mounting brackets for this seat.

The part number for the rear bracket is 99202, (see image below).

The part number for the floor bracket is 99204, (see image below).

We DO NOT recommend the use of stock sliders and adjusters.

Be sure to check with your sanctioning body and/or track for their rules and regulations on seat mounting.

#99202 – Rear Seat Mount

#99204 Floor Seat Mount
