DECO WHEEL LOAD CHECKER

The **DECO Wheel Load Checker** is a fast and effective means of checking weight distribution on any size or class of racecar. You can use it on any car from stocks and sprints to SCCA and IMSA.

Accuracy is easy with the **DECO Wheel Load Checker**. Since it is portable, you can use it anywhere. Professional teams around the country use it right at the track!

FEATURES

The professionally engineered **DECO Wheel Load Checker** features:

- Lightweight frame
- Heat-treated aluminum alloy aircraft block
- Bull's eye level for the same height setting every time
- Liquid-filled gauge
- Adjustable stand with quick-release pin
- Easy disassembly for compact, easy storage
- Strong, portable handle
- Patented design

OPERATING TIPS

To achieve optimum performance and longevity from your wheel load checker, follow these operating tips and suggestions:

1. Always be consistent in usage.
2. Keep a log for future use. The log should consist of tire pressure and circumference, bar size, spring rates and height, offset on wheels, fuel load, and other variables.
3. Set tires at operating pressure.
4. Make sure your set-up pad is level by using a liquid level or similar device. Use floor tile to shim the floor level. (Mark the floor for future set-ups.
5. Hook the pin of the checker under the edge of the wheel. Lift the tire and use a piece of paper for a feeler gauge. Make sure the bubble is level.

Speedway Motors Inc., P.O. Box 81906
Lincoln, NE 68501 (402) 323-3200
www.speedwaymotors.com

6. If possible, remove shocks prior to using checker.
7. Occasionally add a drop of good hydraulic fluid to the checker to keep it working smoothly.
8. Keep your **Wheel Load Checker** clean and protected. This is a precision tool.

NOTE: Professional teams use patented **DECO** tools to achieve accurate, precise reading. For maximum performance and handling, **Speedway** recommends using the **Wheel Load Checker** with **DECO Electronic Scales**, **Chassis Tools** and the **Coil Spring Rater**.

NOTE: If your gauge has a liquid-filled face, the big bubble is normal. It must have it to work properly. It is **NOT** defective.

IMPORTANT

DISCLAIMER In an effort to offer our customers the low prices, quick service and great value, Speedway Motors reserves the right to change suppliers, specifications, colors, prices, materials. Each of the previous items is subject to change without notice. Speedway is not responsible for any typographical errors or misinterpretations. Quantities are limited on some items.

WARRANTY DISCLAIMER The purchaser understands and recognizes that racing parts, specialized street rod equipment, and all parts and services sold by Speedway Motors, Inc. are exposed to many and varied conditions due to the manner in which they are installed and used. Speedway Motors, Inc. makes no warranties, either express or implied, including any warranty of merchantability or fitness for a particular purpose other than those contained in its current catalog with respect to the goods identified on the face of the invoice. There is no warranty expressed or implied as to whether the goods sold hereby will protect purchaser or ultimate user of such goods from injury or death. Speedway Motors assumes no liability after this period.

DAMAGE CLAIMS Always inspect your package upon delivery. Inspect all packages in the presence of the delivery driver. The driver must note any damage. Ask the driver the Carrier's procedures for handling damage claims. You must hold the original box, packing material and damaged merchandise for inspection or the carrier will not honor the claim. Notify Speedway Motors customer service department for instructions on returning damaged goods. Speedway is not responsible if no notification is given within 5 days of receipt.

SHORTAGES Always check the contents of your delivery to insure all the parts that you ordered were received. Please read the invoice. Double check all packing materials, small items may be wrapped inside with these products. Shortages may occur from damage to the box, so save all packing materials. Inspect the box for holes that would allow parts to fall out. If you are missing any item(s) be sure to check your invoice for back orders or canceled items before calling the customer service department. If Speedway has to split a shipment into multiple boxes, packages may be delivered on different days. You need to contact the customer service department within 5 days of delivery to assure the prompt replacement. Speedway Motors assumes no liability after this period.

REFUSALS All refused COD customers will be billed a 15% restocking charge plus freight to and from the destination! If you have questions please contact Speedway's customer service department.

WARRANTY CLAIMS If an item has a manufacturer's warranty as being free from defects we will exchange only. If the item has been used and you are requesting warranty work, this may take up to 30 days as warranty work is done by the manufacturer NOT Speedway Motors. If you have any questions please contact customer service.

RETURNS Speedway wants you to be satisfied with your purchase. If within 30 days after you receive your shipment you are not satisfied, you may return the item for refund or exchange. All exchanged or returned merchandise must be in original factory condition with no modifications or alterations. Returned merchandise must include all packaging materials, warranty cards, manuals, and accessories. If the items being returned need to be repackaged there will be a re-packing charge. Repack the item in a sturdy box and include a copy of your invoice and complete the form on the back of the invoice. You must ship orders back **PRE-PAID. WE DO NOT ACCEPT COD SHIPMENTS.** All exchanges need to have reshipping charges included. Items that are returned after 30 days are subject to 15% restocking charges. All fiberglass returned will have 15% restocking charge. No returns on electrical parts, video tapes, and books. Absolutely no returns on special order or close out merchandise.
