

INSTALLATION INSTRUCTIONS

Part Number HA-2591

This filter fits: SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

INSTALLATION

1. Remove the stock air filter.
Note: The stock air filter cage will not be used with the K&N Filtercharger®.
2. Carefully clean the air filter sealing surface in the air box.
3. Apply a thin layer of the provided K&N Sealing Grease to the air filter base. (Fig. 1)
4. Install the K&N Filtercharger® into the air box.
5. Install the air filter locator tab into the locator tab hole in the air filter holder. (Fig. 2, 3 and 4)
6. Install the top plate onto the K&N Filtercharger®. (Fig. 5)
7. Install the stock wing bolt into the top plate and tighten.

Available to purchase separately

Drycharger Wrap; HA-2591DK

THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.
