

# INSTALLATION INSTRUCTIONS

Part Number KA-7587

**This filter fits:** SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter will last 1 million miles or more. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

## INSTALLATION

1. Remove the inner cage from the stock filter.
2. Gently slide the K&N Filtercharger®, with the grab-tabs on the top, onto the stock inner cage.
3. Apply the provided gaskets to the ends of the K&N Filtercharger®.
4. Apply a thin layer of the provided K&N Sealing Grease on the rubber gaskets.
5. Carefully work the filter down into the air box, until the little nubs on the stock cage fit into the slots in the air box.
6. Reinstall the air box lid and tighten the screws.

## REMOVAL

7. To remove the air filter for servicing, grasp the rubber grab-tabs and gently remove the K&N Filtercharger®.
8. Reinstall the K&N Filtercharger® using the above installation instructions.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
