

# INSTALLATION INSTRUCTIONS

Part Number PL-5003

**This filter fits:** SEE CATALOG FOR CURRENT APPLICATIONS

Congratulations, you have purchased the finest air filter that money can buy. With proper care, this filter can last many seasons. This filter can be used in a stock machine, with no modifications required. If any engine modifications have been made tuning/jetting adjustments may be required. There are special installation instructions, so please follow the procedures outlined below to ensure the K&N Filtercharger® seals properly.

## INSTALLATION

1. Remove the stock air filter and the stock foam prefilter.
2. Carefully clean the air filter sealing groove.
3. Install the K&N Filtercharger® into the air box with the marking "TOP" facing up and the arrows pointing towards the front of the ATV.

**NOTE: DO NOT INSTALL THE STOCK FOAM PREFILTER ON THE K&N FILTERCHARGER®.**

4. Reinstall the air box lid and fasten clips.

**THESE INSTRUCTIONS MUST BE FOLLOWED EVERY TIME THE FILTER IS SERVICED, OTHERWISE THE FILTER MAY NOT SEAL, AND DAMAGE TO THE ENGINE COULD RESULT.**
