"HOW INSTA-GRIP™ WORKS"

Goodyear's Insta-Grip hose enables you to take advantage of a fast, low cost method of assembling low pressure lines right on the job. Hose lines can be installed in seconds. *Hose lines using Insta-Grip hose eliminate the need for clamps, bands, clips or wires.*

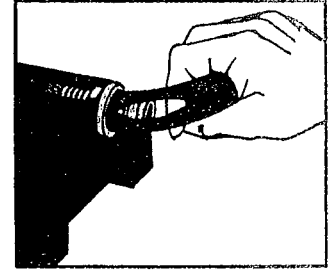

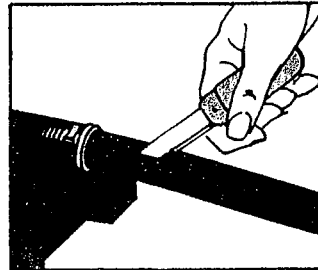

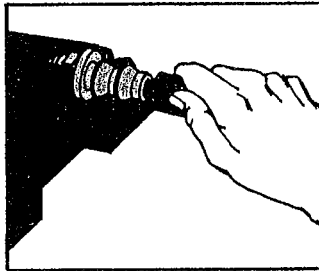

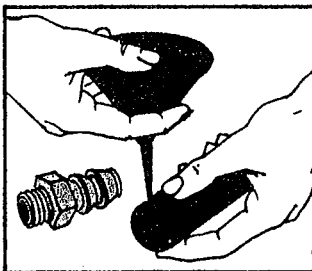

The unique angle of the braided reinforcement assures optimum grip and fitting seal when the barbed stem is pushed into the hose.

UNIQUE BRAID ANGLE... FOR... INSTANT GRIPPING

FOLLOW THESE SIMPLE STEPS TO MAKE YOUR OWN HOSE LINES IN MINUTES.

Step 3. Place end of fitting against a flat object, (desk, door, wall) & grip hose approximately 1" from end & push with a steady force until end of hose is covered by yellow plastic cap.

INSTA-GRIP™ HOSE ASSEMBLY INSTRUCTIONS:

Step 1. Lubricate fitting or hose or both! NOTE: Lubricant should be light oil or soap & water solution. **DO NOT USE HEAVY OIL OR GREASE.**

Step 2. Insert fitting into hose until first barb is in hose.

INSTA-GRIP™ HOSE AND FITTING DISASSEMBLY INSTRUCTIONS:

Step 1. Slit hose lengthwise from protective cap to end of nipple. CAUTION: Be careful not to nick barbs when cutting the hose.

Step 2. Bend hose, then snap hose off with a quick tug.
