

Model(s): RCD-1500 / RCD-1500EX

Description: GoCart™ Vehicle Positioning Jacks / Car Dollies

Sold as a Pair / Set of Two

Take advantage of precious floor space by moving your vehicles against a wall or into a tight space or corner with the help of GoCart car dollies. GoCart vehicle positioning jacks allow one person to effortlessly move autos, trucks, boats, trailers, lawn mowers and tractors, jet skis, motorcycles, airplanes, or other wheeled and recreational vehicles with ease. The super-size RCD-1500EX was designed to accommodate standard passenger cars as well as larger vehicles like trucks and SUV's. The RCD-1500EX can effortlessly lift and move cars with tires as wide as 13 inches and up to 39" in diameter.

These heavy duty auto carts feature a quick-action hydraulic foot pump to lift any car or light truck in seconds providing instant mobility in any direction. A multi-position locking pin secures the load after the unit is raised to the required height. Reinforced, non-skid brushed aluminum rollers guide the tire smoothly up onto the wheel cradle ensuring a solid and stable tire support and a low center of gravity making them safe and stable during use.

Each GoCart auto dolly features a two-inch tubular steel telescoping main frame and 1-1/2" x 1/2" solid steel caster bars for superior strength and durability. Precision bearing, multi-directional free-swivel casters allow effortless mobility and direction changes. Fiber-filled phenolic resin wheels are non-marking to help protect delicate flooring surfaces and are resistant to corrosion from oil, water, grease and commonly used acids or solvents and. Lightweight GoCarts retract and stow for compact storage and can be loaded into the trunk of a car or on a tow truck for easy transport.

FEATURES

- Heavy-duty steel construction
- Sold in sets of two
- Durable powder coat finish
- Flat free polymer wheels for easy rolling
- Non-skid polymer rollers resists load slippage
- Expandable frame accommodates variable
- Move heavy loads with confidence and ease
- Lifting mechanism: hydraulic foot pump
- Optional Storage Rack SKU 5150191

Optional Storage Rack SKU 5150191
